

VIRGINIA HOT LANES

DBE/SWaM Contracting Opportunities

Invitation to be a part of our Team

Fluor-Lane, LLC is actively seeking participation of qualified Disadvantaged Business Enterprise (DBE) or Small, Women- or Minority-owned (SWaM) subcontractors and suppliers to help us achieve our project goals. We invite your help to build the necessary network of HOT Lanes to provide congestion relief and new choices to area motorists. Together, we will deliver a high quality project to the community—on time.

Scope of Project

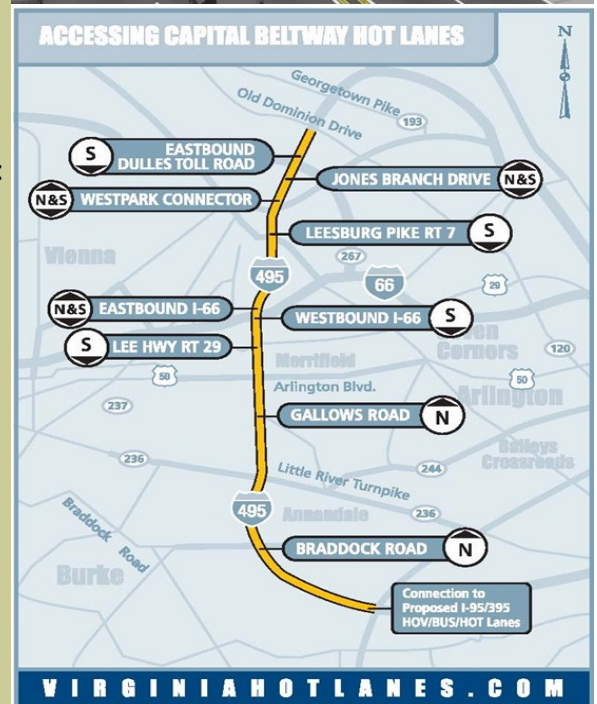

Construction of 14 miles of High Occupancy Toll (HOT) Lanes along the I-495 Capital Beltway in Northern Virginia. We plan to:

- Add two new lanes in each direction.
- Replace aging infrastructure, including more than 50 bridges and overpasses.
- Convert the center 4 lanes to HOT lanes.
- Upgrade/construct 12 interchanges and ramps.
- Add communication and electronic infrastructure to provide traffic information.

Subcontract Opportunities Include:

* Construction Survey Services * Wet Utilities * Pipe Jack and Bore * Underdrain * Drainage * Retaining Walls * Roadway Lighting * Roadway Communication * Electrical * Guardrail * Fencing * Seeding * Reinforced Concrete Pipe * Precast Drainage Structures * Readymix Concrete * Fuel * Portable Toilets * Office Materials and Supplies * Copy Services * Courier Services * Janitor Services * Security
